Doubting that the session of the council was now legal and fearing the result of an attempt to pull the swap, Ald. Lynch did not call up his gas ordinance. He has the power to do this at the next meeting.

With the big business put behind them the aldermen set about to introduce resolutions looking toward impeachment for the mayor, resignation of Jake Loeb, resignation of the mayor and removal of policemen put into the school board rooms in the Tribune bldg.

The impeachment resolution, introduced by Alds. Kennedy and Kerner, follows:

"Ordered, That the city council committee on judiciary be and it is hereby directed to ascertain if the mayor has been guilty of any omission of duty, or if he has been willfully and corruptly guilty of oppression, malconduct, or misfeasance in the discharge of the duties of his office, and the legal grounds on which it would be possible to impeach the mayor and also the procedure which should be followed to bring about such impeachment. Said committee to report its findings within one week to the city council."

Ald Link offered a resolution asking the mayor to resign.

Its text was:

"Whereas, His honor, the mayor, William Hale Thompson, at a meeting of the city council has refused to recognize members of the city council making proper motions incident to transaction of regular business, and

"Whereas, He has refused to order roll call when demanded by members of the city council, and

"Whereas, the mayor of the city of Chicago has refused to act as presiding officer and has left the council chambers, therefore be it

"Resolved, That it be the sense of

this council that William Hale Thompson tender his resignation as mayor of the city of Chicago."

Ald. Doyle hit at Jake Loeb with a resolution calling upon him to resign. It was signed by Ald. Healy, Rodriguez, Thos. Lynch, Kennedy, Maypole and Smith.

It reads:

"Resolved, That it is the sense of the city council that Jacob M. Loeb should resign his membership on the board of education so that the present controversy over the board of education, which is bound to have a detrimental effect upon the schools of our city, may be terminated and the way be opened for the appointment of a new board of education, in which all the people of Chicago may have confidence."

Ald McCormick then told the council that 50 policemen were holding the school board rooms in the Tribune building. He asked that they be taken out. His order read:

"Whereas, Fifty policemen have been sent to the rooms of the board of education and

"Whereas, There is no necessity for their presence, therefore be it

"Ordered, That the general superintendent of police be directed to withdraw said policemen forthwith and that he be immediately notified of this order of the council and report at the next meeting of his action hereon."

WAKE UP, CHICAGO!

Red Cross fund subscription isn't going as fast as it was. Though Chicago will probably get its \$8,000,000 quota in allotted time, Chicago may have the shame of being surpassed by New York, Cleveland and other cities. Chairman Wetmore of fund committee is telling Chicago folks who have money that they better loosen up for the soldiers' and sailors' relief coin or the record won't look good. Fund reached \$4,200,000 last night. National total, \$77,000,000.
